Looking Forward: 2015

This year opens with promise of new things to come. We believe this year will be one of growth and an increase in construction.

Midwest Healthcare Engineering Conference

Ben Boyt attended the conference again this fall. The ASHE conference has 21 hours of in-person professional development hours available over three days covering most aspects of healthcare engineering. This conference is one of the ways Boyt Engineering stays current.

Ingredients:

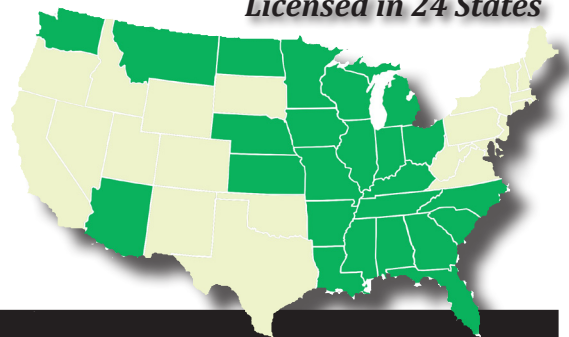

- 2-3 lb. chuck roast
- 1 package Lipton onion soup mix
- 1 can cream of mushroom soup
- 1 cup of water
- 1 tablespoon flour
- Salt and pepper to taste

Instructions:

1. Preheat oven to 350 degrees
2. Combine Lipton onion soup mix and cream of mushroom soup and spread evenly over roast.
3. Combine one tablespoon flour and one cup of water and pour over roast.
4. Put in the oven and leave! You can cook it as long as you want. I like to leave it for 2 to 2.5 hours.

Happy cooking!
